

CYBER LIABILITY COVERAGE

PROTECTION & RISK MANAGEMENT FOR YOUR OPTOMETRIC PRACTICE

Assisting you in meeting mandatory compliance with the HIPAA / HITECH federal law, to safeguard personal health information in your practice.

The **Optometric Protector Plan** is able to assist you in meeting the terms of these new regulations. Through our partnership with **Beazley Insurance**, our program provides a Cyber liability policy that complies with the HIPAA / HITECH laws in the event of a data breach.

In addition, as a policyholder, you will have access to services that will assist you in creating policies and procedures for your practice, provide sample business associate agreements, staff training to ensure compliance in your practice, a monthly newsletter that highlights changes to any state laws, and much more.
